

BOND LIFESTYLE

# Bond is back!

With base notes of leather and hardwood, the new **007 Quantum** fragrance keeps you cool, calm and collected under pressure

**007 Quantum**  
**Fragrance for men**

Your daily lifestyle might not be quite as dramatic as Bond's (thwarting villains, dodging bullets, amorous liaisons with the world's most beautiful women - that sort of thing) but that doesn't mean that your fragrance shouldn't be world class.

007 Quantum, from £20.
